ACADEMY NOTES

Massanutten Academy closed her foot-ball season on Thanksgiving day by going down to defeat before the Randolph-Macon Academy team by the score of 6 to 0. The game was one of the prettiest ever seen on the local field. Both teams were evenly matched, and put up a very fast game. The only scoring done was in the middle of the gond half. During the first the half ball was in Massanutten's possession most of the time and Randolph Macon goal was threstened several times. After a few moments of play in the second half, Randolph Macon by a series mass plays aimed at Massanutten's left guard

pushed their man over for their only score. During the remainder of this half the two teams struggled in the center of the field with no advantage for either. Most of Randolph-Macon's gains were made through the line, while Massanutten made her gains both around the ends and through the line. Now that foot-ball season has ended, t is no more than right that we take a general survey of the season's work. The student body may justly feel proud of the teams work,

Laboring under the many disadvantages which it had, the coaches, captain, and manager have no reason to comptain of the work done. Although we have no victories to our credit, and after all that is not everything in foot-ball. yet we have no inglorious defeats againsts us. In every game the players acquitted themselves with honor, and every joint was contested to the last Too much praise cannot be bestowed ipon the coaches for their patient efforts in getting up a tesm that has competed successfully with the best teams of the Valley. Massanutten has made a good beginning in foot-ball, and no stone will be left unturned in the future to
